Expanded cushion area for faster detangling

Wet brush-pro DETANGLER PLUS

— PROFESSIONAL —

The brush that revolutionized pain and damage-free detangling, now in a larger size and safe to use with styling tools

DETANGLE

HeatFlex™ bristles are safe for blow drying

Expanded cushion area for faster detangling

Español

- Las cerdas HeatFlex™ están diseñadas para su uso seguro con herramientas de peinado
- Minimiza el dolor, puntas abiertas y roturas
- Le permite cepillarse con menos fuerza para así provocar menos daño a su pelo al desenredarlo**
- El mango ergonómico proporciona un agarre cómodo, diseñado específicamente para estilistas
- Área del cojín aumentada para un desenredo más rápido

Italiano

- Le setole HeatFlex™ sono progettate per l'uso sicuro con gli strumenti per l'acconciatura
- Riduce dolore, doppie punte e danni ai capelli
- Permette di spazzolare con meno sforzo, così da districare i capelli danneggiandoli di meno**
- Manico ergonomico per una comoda presa, ideato appositamente per i parrucchieri
- Cuscinetto espanso per districare più velocemente

Français

- Les poils HeatFlex™ sont conçus pour être utilisés avec des outils de coiffage
- Minimise la douleur, les extrémités endues et les cassures
- Permet de brosser avec moins de force afin que vous puissiez réaliser un démêlage avec moins de dégâts sur vos cheveux **
- Poignée ergonomique offrant une poignée confortable spécialement conçue pour les stylistes
- Zone de coussin élargie pour un démêlage plus rapide

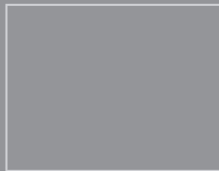

Deutsch

- HeatFlex™-Borsten sind für die Verwendung mit Stylingwerkzeugen geeignet und sicher
- Minimiert Schmerzen, Spliss und Bruch
- Lässt Sie mit weniger Kraft bürsten, sodass Sie mit weniger Haarschäden entwirren können**
- Ergonomischer Handgriff sorgt für einen komfortablen Griff, der speziell für Stylisten entwickelt wurde
- Erweiterte Polsterfläche für schnellere Entwirrung

Português

- As cerdas HeatFlex™ são projetadas para serem seguras para utilizar com as suas ferramentas para penteados
- Minimiza a dor, as pontas espigadas e quebras
- Permite escovar com menos força para que possa desenrizar com menos dano o seu cabelo**
- Punho ergonómico fornece uma aderência confortável projetada especificamente para cabeleiros
- Área almofadada expandida desenriza o cabelo mais rápido

Vented Speed Blowout

Aero Technology™ vented design speeds drying and styling time by allowing moisture to escape faster. Heat resistant nylon bristles create added volume.

Aero Technology™ vented design helps style hair at rapid speed

Nylon heat resistant bristles add bounce and volume to hair

Convenient sectioning pin stored in the handle makes styling easy

Barrel on brush becomes **HOT** when used with hair dryer. Avoid skin contact.

Español

- El diseño ventilado de la tecnología Aero™ ayuda a peinar el pelo a una velocidad rápida
- Las cerdas resistentes al calor de nailon dan soltura y volumen
- La horquilla de seccionamiento convenientemente colocada en el mango facilita el peinado

Italiano

- La tecnologia ventilata Aero™ aiuta a pettinare i capelli ad una velocità veloce
- Le setole resistenti al calore in nylon danno liscia e volume
- La forcilla di taglio posizionata convenientemente sull'impugnatura facilita la progettazione

Français

- La technologie Aero™ dotée d'une conception ventilée aide les cheveux à se style à vitesse rapide
- Les poils en nylon résistants à la chaleur donnent du rebond et du volume aux cheveux
- Tige pour séparer les cheveux très commode, stockée dans la poignée rendant le coiffage facile

Deutsch

- Aero™ Technologie mit belüftetem Design für schnelles Stylen der Haare
- Hitzebeständige Nylonborsten sorgen für Sprungkraft und Volumen
- Praktischer, im Griff verstaubarer Trennstift für einfaches Stylen

Português

- O design ventilado da tecnologia Aero™ ajuda pentear o cabelo a uma velocidade rápida
- As cerdas resistentes ao calor de nylon dão leveza e volume ao seu cabelo
- O pino de seccionamento acessível armazenado no punho permite um acesso fácil ao pentear

Tension Shine Blowout

For a smooth, shiny and frizz free blowout

Polyamide pins grasp hair for high tension and a straight and smooth finish

Natural boar bristles distribute natural oils leaving hair shiny, smooth and frizz free

Vented wood handle is super lightweight and comfortable to hold

Wood barrel stays cool for less damage while blow drying*

Español

- El cepillo revestido ThermoGraphine™ se calienta un 20% más que un cepillo cerámico para un peinado suave
- El calor se distribuye uniformemente a través del cepillo, que es suave con el cabello
- Las cerdas rizadas agarran fácilmente el cabello y crean la cantidad perfecta de tensión para un acabado ultrasuave
- Cepillo extendible para peinar más pelo al mismo tiempo
- Su mango firme no se engancha con el cabello e incluye un pin de separación patentado.

Italiano

- Il cilindro ricoperto in ThermoGraphine™ diventa il 20% più caldo di un cilindro in ceramica per un'acconciatura senza problemi.
- Il calore viene distribuito uniformemente lungo il cilindro, delicato con i capelli.
- Le setole contugate afferrano i capelli con facilità, creando la tensione perfetta per una rifinitura eccezionalmente morbida.
- Cilindro allargato per acconciare più capelli contemporaneamente.
- Impugnatura senza saldature per non far impigliare i capelli, e include un ago di partizione brevettato.

Français

- Le barillet avec revêtement ThermoGraphine™ devient 20% plus chaud qu'un barillet en céramique pour un chauffage plus souple
- La chaleur est uniformément répartie dans le barillet qui a une action plus douce sur les cheveux
- Les poils éraillés prennent facilement les cheveux et créent une tension parfaite pour une finition ultra douce
- Barillet étendu pour plus de cheveux coiffés à la fois
- La poignée sans couture ne s'accroche pas aux cheveux et comprend une section avec broche brevetée

Deutsch

- ThermoGraphine™ beschichtete Trommel wird für sanfteres Trocknen 20% heißer als eine keramische Trommel
- Die Hitze wird gleichmäßig über die Trommel verteilt, wodurch das Haar geschont wird
- Eingeformte Borsten greifen das Haar leicht und erzeugen die perfekte Spannung für ein ultrasanftes Finish
- Verlängerte Trommel, um gleichzeitig mehr Haar zu stylen
- Am nahtlosen Griff bleiben keine Haare hängen und er hat einen patentierten Unterteilungsstift

Português

- Cilindro revestido em ThermoGraphine™ obtém mais 20% de calor do que um cilindro em cerâmica para uma explosão suave
- Calor uniformemente distribuído através do cilindro, que é suave para o cabelo
- Cerdas frisadas que facilmente agarram o cabelo e criam a quantidade perfeita de tensão para um acabamento ultra-suave
- Cilindro estendido para modelar mais cabelo de cada vez
- Punho sem emenda, não prende o cabelo e inclui um pino de seccionamento patentado
